Dear Dr. V. Gurevich,

We bought your book already and I think the book is very practical.

We believe you are a very good scientist with a lot of good practices.  
Is it possible to invite you to visit our university and deliver lectures when you feel free?

Our university may cover your travel expenses, accommodation, meals and lecture fee if you may come.

All the best,

Prof. Yan-zhao XIE, Ph.D.
